INSTRUCTION FOR STAND CONSTRUCTION

The floor is made out of concrete and natural stone tiles. We do not recommend a separate piece of carpeting, because it will not stay properly attached to the carpet. If you use a separate carpet, please install it on a board.

The only tape that can be used on the natural stone tiles and concrete is a tape with light adhesive. If tape with too strong adhesive (duct tape, double-sided mounting tape) has been used at the stand to attach decorations or the carpet, we will invoice the exhibitor afterwards for the cleaning costs incurred

Attaching posters, signs etc. to the walls and surfaces of the exhibition area is **only** allowed if using masking tape. The use of other types of tape, nails, screws etc. is not allowed.

If materials that are not allowed are used, the exhibitor will be invoiced for any damage or extra cleaning costs after the event.

Any goods exhibited are the exhibitors' responsibility. We recommend you acquire the insurance needed and keep easily movable goods / items locked up when stand is unattended.

The exhibitor is responsible for any electrical equipment they have brought to the stand. The equipment must fulfil the requirements of the standard SFS 6000-7-711. Socket groups below 20 A must be furnished with 30 mA faulty-current circuit breakers.

LOGISTICS, STORAGE AND FORWARDING SERVICES

All goods sent to exhibition stands can be delivered starting from the construction day. The exhibitor should be present to receive all deliveries.

Messukeskus staff cannot sign for your shipments. The items cannot be stored at any other location before, during or after the event, except for the facilities of Niemi® Messupalvelut Oy, the forwarding service operating at Messukeskus, in which case the forwarding service staff takes care of shipping and signing for the items. In that case, the address is as follows:

Niemi® Messupalvelut:

Niemi Palvelut Oy

Taloyhtiö 2025

Name of the exhibitor + stand number/name or number of the meeting room

Messuaukio 1

FI-00520 HELSINKI

The service is subject to a charge, and it must be ordered in advance.

CLEANING

SOL cleaning services look after the cleaning of general areas between event days. Messukeskus operates an advanced waste recycling system and all exhibitors have the possibility of leaving stand waste generated during construction and dismantling to be sorted by our cleaning staff.

There will be large waste containers for packaging refuse.

Exhibitors are responsible for the cleanliness of their stands. For stand cleaning related services contact SOL Cleaning services tel. +358 (0)40 561 7848, sol@messukeskus.com

PARKING SERVICES

Messukeskus is adopting the barrier-free Autopay parking system by EuroPark that will allow for faster and smoother parking. The new system is based on identifying vehicle registration plate numbers during entry and exit.

The payment 16€ justifies one time parking during 24 hours. You can pay by prepaying your parking for one day or several days at Europark web site www.autopay.io

This is how you can pay for your parking:

- Messukeskus pay station. You can pay the parking fee using a pay station as you're leaving the parking area. Simply enter your vehicle's registration number in the pay station and pay the parking fee. Our Autopay pay station accept all of the most common payment cards (no cash payment option). After payment you have 15 minutes to drive out of the parking area.
- You can pay by prepaying your parking for one day or several days at Europark web site www.autopay.io
- Autopay 48 h payment
You can pay the parking fee on our website using your payment card within 48 hours of driving out of the parking area. www.autopay.io / no registration required.
- Mobile payment
You can also pay your parking fee at our Autopay parking areas using the EasyPark smartphone applications' mobile payment option. Simply start the mobile payment yourself when entering the parking area. Memorize your vehicle's registration number. EasyPark stops charging for the parking automatically when driving out. Read more about the mobile service at www.easypark
- Automatic payment card charge
You can register as an Autopay user at the pay station or at oma.europark.fi -site. By registering you can park in any of our Autopay parking areas and have your parking fees charged automatically from your payment card. This way you do not need to worry about paying the parking fee on-site using a payment machine. [Register as a user here \(oma.europark.fi\) »](http://oma.europark.fi)
